

August 19, 2015

Dear Chief

For the 2015 Fall Training Semester the PECO Fire Academy will be offering weekend, daytime and evening training sessions that will be opened to all of the companies in our service territory combined. The emergency services training program, "Handling Natural Gas and Electrical Emergencies", consists of classroom and practical training sessions for emergency response to natural gas, carbon monoxide, and electrical systems incidents. The program commences promptly at the time noted on the attachment at the PECO Energy Fire Academy, 300 Front St., West Conshohocken, PA.

Students should come prepared with notepad, pencils, and full turnout gear. **S.C.B.A. is not required.** Instruct your members to bring a lunch as the staff requests that students not leave the training facility during the thirty-minute lunch break.

A maximum of 3 members from your organization can register to attend each of the programs. Unregistered personnel will not be accepted. They need to be a member of your organization and **at least 16 years of age**. If you have additional members that you would like to send please include them in-case of class openings or student cancelations. We ask if you know that you are not going to make the training session you let us know so we can give someone else the opportunity to attend.

There is also a new class being offered "Not a Routine Odor Response". Requirements are age 18, Full turnout gear and completed PECO Electric and Gas Training. We will be confirming prerequisites. For the practical session if you want to bring a department meter it will be a good opportunity to use it in a controlled setting.

No additional correspondence concerning the scheduled program will be forthcoming with the exception of class cancelation; class is full or allowing of additional participants. Please check all of your station information and contact numbers so we can update our database. Please contact Brian Focht at 610-832-6462, or by email at Brian.Focht@exeloncorp.com if you have questions on the training programs.

You have a choice on how to register your members, it can be via online registration that is done live time at <https://www.peco.com/SafetyandEducation/Pages/FireAcademy.aspx> (you will get an immediate confirmation) for the class or you can scan and email the form to PECOFireAcademy@exeloncorp.com. You may send registrations via fax to 610-832-6466 or my mail Brian Focht 300 Front Street West Conshohocken, PA 19428.

Sincerely,

Ray T. Pugh
Manager
PECO Fire Academy
