**Dear friends of permaculture and sustainable living,**

We need your help in raising funds to assist people in low income countries in learning what Cuba has achieved.

Have you heard about Cuba and what happened there in the late 20<sup>th</sup> century? If you don't remember, check out this video:

"The Power of Community - How Cuba Survived Peak Oil": [www.communitysolution.org/poc.html](http://www.communitysolution.org/poc.html)

→ **This year you have the chance to:**

- **VISIT** Cuba with a lot of the most engaged and interesting permaculture people worldwide.
- **SEE** a lot of interesting permaculture-projects on site.
- **LISTEN** to presentations of amazing permaculture projects and movements worldwide.
- **TALK** to each other.

→ **Interested and able to attend?**

- **REGISTER** on the website: [www.ipc11cuba.com](http://www.ipc11cuba.com)

→ **Interested but can't attend?**

- **HELP** a delegate from a low income country the chance to come to Cuba.
- **DONATE** what you can . Even a small amount of money – it all adds up!

→ **Why should we help?**

- **PERSONAL** It is so important that we hear from each other, that we know and learn from each other, that we are able to look in each other's face. A lot of connections which were made at the international meetings were leading to friendships and further on to developing permaculture projects worldwide.
- **SHARE** But we do even more! Delegates from different areas of the world will talk about their projects and they will spread out at home what they saw. It is so good and encouraging to see, that so many people are working for a good present and future! I can say that the IPC's changed my life in a very positive way!
- **SPREADING** We all know, permaculture is one of the best solutions, please feel responsible too for spreading it out. And please help to make the event really international!

→ **Each of your coins counts!**
