## ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

\_\_\_\_ Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

Chapel Hill has become a Mecca for the Arts.

Many talented artists could enhance the image of Chapel Hill as an art oriented community if given more exposure to the public. The Arts include drama, music, dance as well as the visual arts. Such enticements as dance performances, concerts, live drama, musicals OTHER than at UNC or on the local educational level are within our grasp. An upscale gallery with working studios or a Chapel Hill Art Center for performing arts on Franklin Street or in that vicinity would allow Chapel Hill to take the lead in the Arts in North Carolina.

Having so many tertiary educational institutions within the area would allow students, faculty, parents and visitors the opportunity to enjoy such resources.

As an artist I feel I should make some small contribution in this concept.
