ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

____ Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

For as long as I can remember I have enjoyed reading novels for their stories, their reflection of the times they were written as well as my delight of an author's turn of the word. While teaching at Seawell Elementary School, one of my goals was sharing this joy as well as fostering the importance of analyzing and evaluating written matter. As a result I enrolled in the training as a Great Books leader because I believe that a strong citizen population is required not only to understand written matter but to be able to critique it. Great Books develops critical thinking, enlarging discussions of reading matter from comprehension to analysis and implied meaning. It was my pleasure to use this method in my classroom, as well as to train volunteers who read with our students.

A public library like public schools is charged with the task of reducing the inequalities among its population. This is particularly true in Chapel Hill where a large percentage of our citizens are well educated, use the library and even have private collections of books and magazines. Our library serves both this population as well as those whose only source of books and media equipment resides on Estes Drive. With creative thinking we will be able to continue enlarging our collection as well as embracing more of our citizens as consumers. I would like to support you to continue your work.

I have recently begun working with the Friends of Downtown Chapel Hill and FRANK. I have just received my BA in Art History from UNC (2010). I have a deep passion for the arts and want to make its value apparent to all who are interested in learning more. My favorite characteristic of art is how it teaches us new ways of seeing. Art connects us to so many different areas of life and I loved how it tied all of my classes together. Talking to people about art is one of my life's greatest pleasures. I love to share how it inspires me and sustains me and how it has completely redirected the focus of my life and my ambitions.

As a UNC law student residing in the Chapel Hill area, I desire to become more actively involved in the community. Since I plan on living in the area after earning my law degree, I would like to utilize my strengths and education in shaping the future of our town.

I strongly believe that my background as a violinist and as a guitar teacher would allow me to contribute significantly to the Public Arts Commission. Further, I have studied music composition and history at the collegiate level. As for my selection of Bicycle & Pedestrian Advisory Board, I would be an excellent advocate for cyclists since I often commute throughout town on my own bicycle and therefore would be aware of the many dangers involved. Finally, my legal background and understanding of property law would greatly prepare me for a position on the Public Housing Advisory Board.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

(Please check if you agree.)

Yes, if appointed, I pledge to comply with the following ethics guidelines for advisory boards and commissions as adopted by the Chapel Hill Town Council. (Other Council committees and OWASA are excluded.)

Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission.

If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area.

Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

Please provide a brief statement outlining why you wish to serve on the Advisory Boards, Commissions, or Committees you have indicated.

My family and I intend to make Chapel Hill our home after recently moving from Germany and Columbus, Ohio. In Ohio we lived in Upper Arlington, a town inside Columbus much like a large version of Chapel Hill. My daughter, now in middle school, grew up to be an avid reader so the library seemed a second home. Currently my son is enjoying the toddler programs at the Chapel Hill Public Library. We also were patrons of the Columbus Metropolitan library so I am aware of the different considerations that an urban site necessitates.

I am a native North Carolinian. My degrees are a Bachelor of Mathematics from Salem College and a Masters of Architecture from Clemson University. While in Columbus, I worked for a large architecture and engineering firm and was responsible for consensus building with architects and engineers on large health care projects. I also met with surgeons and other physicians, nurses, lab workers, and artists for further coordination of planning. Based on my education and substantial experience in practice I understand architectural, electrical, and mechanical drawings. I am able to explain them to laypersons. Although the library has a team for that endeavor, my work involved consideration of how the public uses spaces which is helpful in determining which design elements to introduce through planning and which ones to implement in the already built environment. Many of the projects on which I worked professionally took a few years to complete, not unlike the time frame for the changes currently facing the Chapel Hill library.

My community work in Upper Arlington was mostly with Wickliffe Elementary School with an emphasis on including the children in environmental projects. As chairperson of the Outdoor Learning Environment, I brought different community entities together to explore ideas which resulted in finding grants for projects the children did such as planting of 27 trees, reviving a butterfly garden, and installing a green roof on part of the school. Currently I am doing some research from home while enjoying my son's young years. I have no current ties with architecture or engineering firms; therefore, I believe I will not suffer from conflicts of interest.

I would enjoy contributing to this wonderful community while using my background to benefit this board of the Public Library.

I have just curated a Local Histories exhibition for the old Chapel Hill Museum space at 523 E. Franklin. I am excited about the possibility of this space being used for AA on a permanent basis. I am also excited about AA, public AA + good citizenship in general. I like being involved in the community. I have taught at UNC - studio AA - for over 16 years + have curated many shows. It is a perfect match!

I have long been interested in community service and local government. Never one to seek the public spotlight via elected office I have thought about having an impact through committees, advisory boards and consultation. Although my professional experience has been in academia, I have a broad set of interests and curiosities that include the arts and environment. I am well trained in mathematics, dentistry, public health and biostatistics and hope that my background would be beneficial and valuable in the public arena. I am happy to serve and look forward to the opportunity.
