In this current political climate, issues related to diversity are becoming increasingly more critical, as segments of our population are again facing the most open forms of discrimination since the 1960s. It is of the utmost importance that we preserve the social and political gains of a diverse society that have been made over the last five decades while striving to grow towards full equality in the near future.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

All advisory board and commission members and applicants shall agree to comply with the following ethics guidelines adopted by the Council on March 1, 1999: Ethics Guidelines for Town Advisory Boards and Commissions Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

PERFORMANCES

Time Machine (electronic media performance with Bill Brown)
RT: 60 minutes

Time Machine is an interactive Live Cinema performance by Gruffat and Brown that uses the metaphor of a time machine to explore storytelling and narrative strategies across a variety of different interactive media. By exploring the varieties and meanings of human interactions with analog and digital technologies, *Time Machine* considers ways to access history and memory, to encourage productive play, and both to reveal and share the process of live media production with each other as well as with an audience.

Time Machine is an extension of our work with single-channel film and video, as well as our shared interest in performance and interactive media. It is also a response to a world that is becoming increasingly screen-based. This project is an attempt to reconnect the screen world with the real world by exploring the role of human action and agency in using and responding to technology. As New Media artists, we are interested in technologies that scale space to the human form, and that measure time in terms of human memory and imagination. We are most excited by a New Media practice that proposes a humanistic approach to technology: that gives us access to our memories; that engages and extends our bodies; and that allows us to conjure up impossible new worlds, temporary utopias that, perhaps, can transform our real times and real spaces.

The Free Translators (Two-person electronic performances and screening with Mary Billyou)
 Performance RT: 10 minutes
 Screening RT: 50 minutes

Reminiscent of the do-it-yourself approach of the Riot Grrrl movement, two feminist provocateurs take their multimedia show on the road. Mary Billyou and Sabine Gruffat present “The Free Translators” touring east coast cities and towns with a program of radical videos and two performances.

As the title suggests, the “Free Translators” video program is inspired by known texts. The artists perform in many of their own videos sometimes enacting the news, dictating words written by the Marquis de Sade or excerpting from Virginia Wolfe’s anti-war essays. By re-reading the texts for the audience, the videos explore notions of identity and communication, re-imagining issues raised by feminist consciousness and the diminishing space of citizenship amidst the monologue of mass media.

La Cyclo-Cinéma (Two-person bicycle tour and screening with Bill Brown)
La Cyclo-Cinéma is a program of films about arbitrary delineations, eternally scarred landscapes, and the continuing lure of unfamiliar frontiers: meditations on the boundaries we have crossed, the walls we continue to build, and the horizons that await us. This program of border films will cross borders by bicycle. Gruffat and Brown plan to pedal across Belgium, France, Switzerland and Spain, keeping to the back roads, and camping behind haystacks and bushes. Filmmaker *maquisards*, for whom touring by bike—with the openness and exposure this implies—is an act of resistance to the little borders that lie between each one of us.

Serving on one of the Town of Chapel Hill's advisory boards is not something I would take lightly. As an immigrant, artist and real estate professional I would like to make a difference and get involve in the everyday life of the town. As a spanish-speaking resident I think I would be a good advocate of some of the most vulnerable minorities in the area. I would also like to use my skills and assets to give back to this great place which has granted me the opportunity to find a new land of opportunities for me and my family.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

I think my years of experience as a published author, editor, illustrator, artist and advocate/underwriter for the arts would be of benefit to the commission, as well as my ability to start and complete ambitious art projects. I have run/underwritten my own writing contest in the States for local High School students: (Press releases for those here): <http://chccs-news.blogspot.com/search?q=fiction+poetry+contest> In addition: I'm an American, a father of two (Izzie is 13, Charlie is 10). I edited a book called Letters to J. D. Salinger (www.jdsalinger.com). I wrote a big book about database development (<http://shop.oreilly.com/product/9781886411814.do>). I was an Associate Producer (and have a 5-second bit part) in Shane Salerno's feature-length 2013 documentary, SALINGER (<http://www.imdb.com/title/tt1596753/>). I illustrated the cover of this children's book ([https://en.wikipedia.org/wiki/Krabat_\(novel\)](https://en.wikipedia.org/wiki/Krabat_(novel))). I've founded literary un-conferences (like this one in NYC <https://marg09.wordpress.com/2011/02/14/book-camp-book2-february-13-2011/> and this one in London <http://www.readahead.net/>). I've written about book publishing for Publisher's Weekly (<http://www.publishersweekly.com/pw/by-topic/international/Frankfurt-Book-Fair/article/64376-frankfurt-book-fair-2014-how-to-outcompete-amazon-think-reader.html>) and Publishing Perspectives (<http://publishingperspectives.com/2010/06/your-book-as-a-database-a-primer/>). I have also run a Classic Literature book club for 5 years :) <https://www.meetup.com/Classics-Book-Club/> I'm also connected to local writers and count Daniel Wallace (head of UNC's writing program) as a friend.

I grew up in Chapel Hill and for the last 7 years, have worked at the American Board of Pediatrics, which involves itself with a charity each year. In my position of serving on the committee that selects and organizes events for our yearly charity, I have come to love the involvement with local leaders and with community members. I look forward to possibly serving the town of Chapel Hill via this committee.

ETHICS GUIDELINES FOR TOWN ADVISORY BOARDS AND COMMISSIONS

All advisory board and commission members and applicants shall agree to comply with the following ethics guidelines adopted by the Council on March 1, 1999: Ethics Guidelines for Town Advisory Boards and Commissions Members of advisory boards and commissions shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. A conflict of interest or a potential conflict occurs if a member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Any member who violates this provision may be subject to removal from the board or commission. If the advisory board or commission member believes he/she has a conflict of interest then that member should ask the advisory board or commission to be recused from voting. The advisory board or commission should then vote on the question on whether or not to excuse the member making the request. In cases where the individual member or the advisory board or commission establishes a conflict of interest, then the advisory board or commission member shall remove themselves from the voting area. Any advisory board or commission member may seek the counsel of the Town Attorney on questions regarding the interpretation of these ethics guidelines or other conflict of interest matters. The interpretation may include a recommendation on whether or not the advisory board or commission member should excuse himself/herself from voting. The advisory board or commission member may request the Town Attorney respond in writing.

The vibrancy of the creative community in Chapel Hill is one of the things that made me want to move here. I believe that through the arts we can create a stronger more connected community and I would live to be involved in making that happen.

Please provide a brief statement outlining why you wish to serve on the Advisory Board(s), Commission(s), Committee(s) or Task Force(s) to which you are applying.

Since moving to Chapel Hill years ago, I have developed significant ties to the community and am currently looking for ways to become more involved. I am very passionate about art and the many vital roles it can play. Despite ultimately majoring in political science, I took multiple classes involving art history during college, and have kept abreast of the art world and local exhibits at the NCMA. I also focused some of the work I completed while obtaining my Spanish minor on Spanish and Latin American art. I would relish the chance to facilitate more opportunities for engaging with the arts in Chapel Hill. In addition to visual arts, I also enjoy music and theater and make every effort to stay informed of current trends. Thus, my first choice would be to serve on the Cultural Arts Commission. However, the Human Services Advisory Board also seems to be a good fit for my past experience. In my previous position, I focused on pairing clients with necessary low cost legal services. This provided me with valuable experience working with a variety of individuals, as well as screening what needs were vital and identifying areas of possible support. While the Cultural Arts Commission is my first choice, I believe my skills are a match for either board and would enjoy the opportunity to be more involved in the Chapel Hill community.
