

Shaleshock Outreach Working Group

Our Mission:

To provide resources and outreach materials that raise awareness about the dangers of Fracking and "Natural Gas" extraction in the Marcellus Shale.

How we do this:

We maintain an office in Ithaca, NY stocked with pamphlets, print-outs, DVDs, yard signs, and archived materials from the Shaleshock Movement and beyond.

We bring materials out of the office by tabling at events and markets in the Southern Tier region of the Finger Lakes.

Donations:

Please donate to support our efforts and help recover costs.
Here's some ideas to help you choose your donation.

\$40 Sustain basic Office Costs

\$75 helps print 750 pamphlets

\$120 pays the rent for one month

\$350 buys 100 yard signs & stakes

**Protecting our communities
and environment from
exploitative drilling of
the Marcellus Shale**
